“Oprah Love Expert Reveals The 100 Sex Games That Couples Are Using To Quickly and Easily Increase The Passion and Intimacy of Their Lovemaking...”

In five minutes you can have any of these exciting
sex games to **FIRE UP** your relationship!

Dear Friend,

Let's face it, you're here because you want to fire up your sex life. You've been a couple for years and realize that sex games might be a great way to enjoy more sex, have fun and feel closer as a result.

Of course you may feel like sex games are a little strange or "not quite your thing", but realize that they're definitely worth a shot. Why? Because the prolonged foreplay that is encouraged by sex games, actually intensifies your orgasms!

And perhaps you've bought several sex "game" books before and were disappointed with their boring common games.

And that's the BIGGEST problem...

Most Sex Game Books and

Websites are Garbage!

If you've ever tried finding information on sex games or ever bought a sex "game" book yourself, then you know they're all **filled with the same re-hashed games**.

Take a bath together, drink champagne, have fun with food, truth or dare, blah blah blah...

Quite frankly, you don't need any book to tell you about these games!

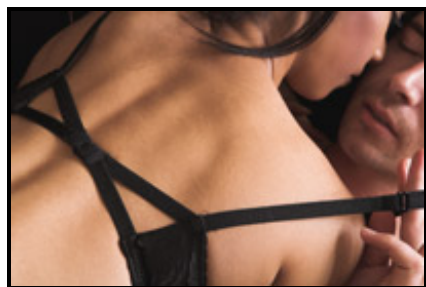

These games might be nice for newlyweds getting to know each other but for couples in long-term relationships, like yourself, **they're WORTHLESS!** (Because, you've already done most of the games in these books during sex anyway!)

Bottom line: there's almost zero quality sex games for you and your lover.

And That's Where I Come In...

My name is Michael Webb and after realizing there was really nothing for married couples that genuinely wanted to spice things up with some sex games, I decided to do a little investigating myself.

So I went on a hunt to find the best of the best.

I've spent several weeks researching a dozen books and magazines, to separate the gold from the garbage. And have included many of my own games to the mix.

So now instead of spending weeks of anger and frustration, shoveling through boring games that are only good for new couples, you can **save time and money** and enjoy games that are specifically crafted for couples that have been together for years, like you.

And you'll find all of this and more in my new book called:

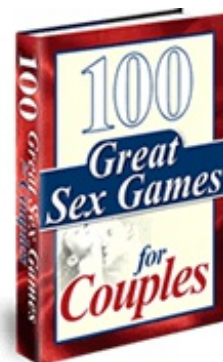

100 Sex Games For Couples

First of all, here's what you **WON'T** find in 100 sex games!

These games are...

- **NOT** the same old games you find everywhere else!
- **NOT** difficult or complicated to prepare!
- **NOT** immoral or degrading to your relationship!

In fact, **I know you've NEVER heard of dozens of these sex games before.** How? Because I've invented many of them

NOT AVAILABLE

And while I won't promise that every game will be perfect for you, if you find just one game out of the 100 games that you enjoy, this **will have a profound effect on your marriage or relationship.**

And best of all, many games require no preparation at all!

Luckily, for the games that require a little prepping, you'll find most things you need within 2 minutes right in your own home.

Things like: deck of cards, dice, the television, fabric for blindfolds, a chess board, poker chips, pen and paper, DVDs, various foods, events on TV, dart board, CD players and much much more...

And while there are several games that use basic things like massage and guessing, they put such a unique spin on these games, they feel completely new.

So what types of games does it contain?

Here's Just a Sample of The Games Inside 100 Sex Games For Couples...

- **A brand new way to play with a deck of cards that will bring about amazing climaxes**
- An exciting game that leads to lovemaking in new places around the house
- **A great child's game with a slight change of the rules can be reused for incredible lovemaking possibilities**
- A game that begins at a restaurant and the sex actions are determined by what's on the menu and what the waiter says
- **A guessing game that will have you burning with desire in just 10 minutes**
- A sex game that turns an ordinary, every day experience into 30 minutes of pulsating foreplay
- **Kings and Queens will have a whole new, erotic meaning with this game**
- A sex game that guarantees to stimulate your body in new and exciting ways while keeping your partner begging for more

- **Blindfolds and food always make for great lovemaking - this game puts new twists on the concept**
- Turn watching that football, basketball or baseball game into an erotic romp. Both of you will be cheering on the teams in a new and surprising way with this game
- **A twist on an old bar game that will bring burning passions to your loins - and everyone wins at this game**
- The lingerie game will have one of you begging for action by the time it is over
- **Play this ball game indoors which will guarantee to have him rock hard and throbbing by the time it is over**
- And much much more...

So Who Am I and Why Should You Listen To Me?

My name is Michael Webb. And for the **last 15 years** I've been teaching people how to have fulfilling and successful relationships that last a lifetime.

In fact, media around the world have taken to calling me "The **World's Most Romantic Man**," "America's Romance Expert," "Mr. Romance," "The Martha Stewart of Romance" and other interesting monikers.

I don't necessarily agree with the titles, but I do aim to be the world's most loving husband to my wife of 20 years, Athena.

Chicago Tribune

Not to mention I have been featured in media countless times. Every major newspaper in the United States, 100s of of magazines and over **500 radio** and **TV shows** such as **Oprah**, **The 700 Club** and **Men Are From Mars / Women Are From Venus**, sharing my tips and secrets with millions of viewers worldwide.

Love secrets of the world's most romantic man

Romancing your wife or girlfriend doesn't take lots of cash — just warmhearted creativity and spontaneity!

That's the advice from the man called "Mr. Romance" and "The Most Romantic Man in the World."

"Anybody can buy gifts," said 39-year-old Michael Webb of Raleigh, N.C., "but romance is about opening your heart — not your wallet."

Webb, who has been featured by NBC News and

What every woman wants her man to know

Women's World magazine, says he spends only about \$100 each year on romancing his wife of seven years, Athena. But he has become such an expert on romance that he made it his business — and a thriving one at that.

He started "ROMANTIC" — a newsletter geared for helping couples become more romantic. Michael also is a writer and lecturer on romance.

"Why do you think 25 million women avidly read romance novels?" he asks rhetorically. "In order for a relationship to survive, women need to be fed a steady diet of romance. Men just don't realize that romance is like nourishment for women."

To become a true romantic, Webb offers a bevy of tiny tips:

♥ Give your significant other a warm hug every day.

♥ Celebrate your wedding anniversary every month — not every year.

"For our 75th (month)

MR. ROMANCE: Michael Webb, who publishes a romantic newsletter, cuddles up with wife Athena.

wedding anniversary, I made a coloring book. I sketched 36 scenes of our lives together and then wrote a cover sheet," he said. "The whole thing cost me a couple of dollars and it was more special to her than buying a diamond ring."

♥ Keep a "romantic arsenal box," filled with small items you can give your lover on the spur of the moment. He recommends stocking up on inexpensive but thoughtful gifts such as bookmarks and greeting cards.

♥ Write love messages on

the snow. Michael spelled out those three words women love to hear outside his wife's office.

♥ Cook for him or her: "The most romantic food is the food you make yourself," he said.

Was he born a natural romantic? Not really, Webb says. When he was a teenager, his mother, who had recently divorced, told him: "A woman wants two things from a man — to be told frequently that she is loved and to be shown that she's special."

Webb remembered the advice.

"My mom was unhappily married twice," he said. "I decided at that time that I wanted to be the sort of husband that women were yearning to have."
